## Comments of the prize-winners

The title of my painting is "Our garden". Our garden gives lots of harvest to us. But we never use chemicals to grow plants. We make environment friendly manure, collecting our day today kitchen wastes, papers etc. Likewise, we can reuse and recycle many waste materials we throw away ... I used colored news papers here. ... I have spent 4 weeks to this art work. My mother father and my sister helped me to find papers for this work and many days they were awake at night with me while I completed my art.

At 4 am in the morning I was awakened up by my grandpa. It was decided that I will be going to visit Numazu Fish-Market with him. At the beginning I didn't really like to get up as I was very sleepy in the early morning, but it was interesting to see the fish dealers speaking puzzling words aloud in front of many kind of fish. I like it and painted the scene of fish auction. I feel nervous about getting a prize.

(Grand Prize: KUBO Kotaro / Yokohama, Japan) \*upper cover

I'd like to thank the organizers for such a wonderful event. This is my first time to participate in an internationally juried art show. I am honored to receive this award. I look forward to seeing other art work and meeting artists from other parts of the world. I hope people will enjoy my painting.

(Minister for Foreign Affairs Award:  
 CHENG Yun-Yen / Taiwan)

I painted a very Japanese picture I think. It is hard to express the grass and flowers. I tried to make the painting bright without using much black color. I really like the white rabbit and rabbit on the moon.

 YAMAMOTO Kazuki / Manazuru, Japan)
