**Subject:** GLOBAL ACTION: PRESENTATION NEW PROJECT

**To the Kind attention of: H.E. Mr. TODOR HRISTOV STOYANOV,**

Dear Excellency,

My name is Alessandro Reali and I am Councilor and Delegate of the President for Global Action Italy.

I would like to introduce to you to our Non-Profit Organization, and to our **FREE project** called "Global takes Action". You will find the description below and also attached to this email.

We sincerely hope you will find the project of your interest, and we are always available for a meeting (online) to discuss any doubt or clarification. We really look forward to hearing from your office soon.

---

#### **WHO WE ARE**

Global Action Italy is a voluntary Non-Profit Organization, which already has an established network comprising more than 70 diplomatic representations in Rome and more than 3000 high school students. Global Action's purpose, through all of its projects and initiatives, is to provide knowledge about the world to young people, starting from the *informed knowledge* about the countries that compose it and the issues that afflict them.

#### **OUR NEW PROJECT**

**"Global takes Action: Connecting Youth towards a Sustainable World"** is a project **totally for free** and will take place entirely **online, between February and March**.

Students from all around the world will discuss four topics related to the Agenda 2030 for Sustainable Development, in particular: Food Security & Waste; Air Pollution & Sustainable Cities; Soil and Water Pollution & Recycling; Household Sustainability & Renewable Energy.

Given the primary role that young people can play in the creation of a more sustainable and inclusive world, "Global *takes Action*" intends to make students aware of the ongoing global sustainability issues, enhancing their inclination to the intercultural dialogue and developing a universal sense of citizenship aimed at the exchange of substantive solutions.

#### **WHY WE NEED YOU**

With the aim of becoming a platform for intercultural exchange, on behalf of Global Action, I am writing to you to ask for your collaboration and to give the students in your country the possibility to take part in this project.

The role of your Embassy would be to help us in the process of selecting two high school students which will represent your country during the discussion with the other students.

#### **SELECTION OF THE STUDENTS**

The selection can be carried out in the two following ways, according to the preference of your Embassy:

1. The Embassy will directly select two students and communicate the names of the participants to the Global Action Staff, according to the requirements.
2. Otherwise, the Embassy will provide the students in its country with the Application Link. The students will access the online application form and, once submitted, will be selected by the Global Action Staff.

Application Link: <https://form.jotform.com/globalaction/global-takes-action>

### **DEADLINE**

In both cases, the deadline for the selection of the two students is set for: **December 18, 2020.**

### **FURTHER INFORMATION**

Along with this letter, you will find attached the poster and the description of the project.

Please, find additional information on our activities on our Social Media:
